

Leicester, Nov. 27. 1874

Dear Frank G.

I have exhausted my 25
Cornell Circulars, - or, to be exact,
have but one left. I shall be
glad of 25 more, - which might be
left at 9 Burroughs Place, Boston,
for me, - or sent as the others were,
provided you will let us pay the
postage on them for the previous
lot also. I have sent to the
following, & probably have in many
cases duplicated copies sent by you
or others; - but that is unavoidable.

I do want to hear about your
father - if he saw Dr. Clarke or
Mrs. Bowditch & Elli, & if anything good
has resulted; & about y^r. mother too,
& if she has quite recovered from her
fall.

Truly Yrs. Saml May
